

## Gastroenterology - Liver Disease

Thursday 22nd September 2011

Venue: Academy, Great Western Hospital, Swindon, SN3 6BB

Chairperson: Nicola Swanborough  
Open to GPs, GPSTRs, PNs

Registration 1900  
Start/finish time 1930 - 2115

*Relevant Curriculum Statement: 'Digestive Problems' 'Western' & 'Common' Typos*

### 2 LEARNING CREDITS

Remember you also have the potential to double the number of learning credits by demonstrating at appraisal how your learning has changed you practice. The forms that we provide at the end of the course will help you to reflect on your learning

**Introduction** The diagnosis, appropriate investigation and management of common liver problems in primary care can represent a number of challenges. Recognition of how common liver problems present and which steps are most useful in investigating these patients are important skills, as well as understanding our role in ongoing management of these patients alongside our secondary care colleagues.

- Objectives**
1. To understand the typical presentation of the more common liver diseases
  2. To understand which steps are most helpful in the management of undiagnosed liver abnormalities
  3. To understand how the GP and the gastroenterologist can each contribute to the management of liver diseases

**Speaker/s** Peter Hanson - Consultant Gastroenterologist

#### Programme

1900 REGISTRATION & Sandwich Buffet

1930 - 2100

Typical Presentations of Common Liver Diseases, management of undiagnosed liver abnormalities
