Relevant RCGP curriculum statement – 'Care of people with cancer and palliative care'

6 LEARNING CREDITS

Remember you also have the potential to double the number of learning credits by demonstrating at appraisal how your learning has changed your practice. The forms that we provide at the end of the course will help you to reflect on your learning

Introduction The GPs role in the care of people with cancer extends from primary prevention through to early diagnosis, palliation and terminal care. Cancer is a concern for many patients who consult their doctor and one of the great skills of a good GP is to recognise cancer in its early stages

Objectives

1. To understand the epidemiology, risk factors and behaviours in relation to a number of different cancers
2. To be aware of principles and design of common primary and secondary cancer screening programmes
3. To recognize the signs and symptoms of early presentation of common cancers
4. To understand what constitutes best management of patients with suspected cancer including investigation and use of local and national protocols and guidelines

Speakers

Sarah Lowndes, Consultant Oncologist
Lindsey Wilson, Regional Education Manager, Teenage Cancer Trust
Philip Mayes, GP Cancer Lead for Swindon PCT
Sam Gibbs, Consultant Dermatologist
